**DECLARATION OF FACTS IN SUPPORT OF CORRECTING
INVENTORSHIP ON BEHALF OF OMITTED INVENTORS (37 C.F.R. § 1.47)**

Commissioner for Patents
P.O. Box 1450
Washington, DC 20231

Dear Sir:

This declaration is made as to the exact facts that are relied upon to establish the diligent effort made to secure the execution of the supplemental declaration for correcting inventorship by the omitted inventors for the above-identified patent application.

This declaration is being made by the available person having first-hand knowledge of the facts recited herein.

INVENTORS REFUSING TO SIGN THE SUPPLEMENTAL DECLARATION

The full name and last known address of nonsigning inventors are set forth below.

John G. Kurth
7000 Lonesome Oak Dr.
N. Richland Hills, TX 76180

Lee R. Johnson
4300 Barnsley Dr.
Plano, TX 75093

James E. King
6409 Sunrise Ct.
Little Elm, TX 75068

DETAILS OF REFUSAL OF NONSIGNING INVENTOR TO SIGN SUPPLEMENTAL DECLARATION

After being informed that the inventorship of the above identified patent application required correction by addition of Randy Hoffman as an inventor, formal papers for correcting the inventorship, including a supplemental declaration for execution by John G. Kurth, Lee R. Johnson, and James E. King, were sent March 17, 2004 to the offices of Evercom Systems, Inc., the assignee of each inventor's interest in the invention of the patent application. Because of several significant events affecting the day to day operations of Evercom Systems, Inc., including a corporate merger and acquisition and a change in the corporate general counsel position, despite my continued efforts I was unable to obtain executed copies of the aforementioned documents.

On December 8, 2004 I provided copies of the aforementioned formal papers to the new general counsel for execution by each of the inventors. On May 31, 2005 I was provided with the supplemental declaration executed by Randy Hoffman and was informed that the remaining inventors, John G. Kurth, Lee R. Johnson, and James E. King, were no longer employed by Evercom Systems, Inc. and thus their signatures were not obtained. On June 6, 2005, at my direction, my secretary contacted the human resources department of Evercom Systems, Inc. to obtain the last known address for inventors John G. Kurth, Lee R. Johnson,

and James E. King. The addresses provided by human resources for each of these inventors are set forth above.

On June 7, 2005 separate packages including copies of the patent application as filed, the First Preliminary Amendment filed December 11, 2003, and the Supplemental Declaration for Utility or Design Patent Application naming John G. Kurth, Lee R. Johnson, James E. King, and Randy Hoffman as inventors were sent by overnight courier to each of John G. Kurth, Lee R. Johnson, and James E. King. In addition to the foregoing, each package included a cover letter explaining that Evercom Systems, Inc. was attempting to correct the inventorship of the patent application to add Randy Hoffman as an inventor and asking them to each execute the Supplemental Declaration for Utility or Design Patent Application and return the same in the enclosed pre-paid return envelope. The courier confirms that the packages addressed to John G. Kurth and James E. King were delivered to their respective addresses on June 8, 2005 and the package addressed to Lee R. Johnson was delivered to his address on June 9, 2005.

After receiving no response to the foregoing through the present date, it is believed that each of John G. Kurth, Lee R. Johnson, and James E. King are refusing to execute the Supplemental Declaration for Utility or Design Patent Application. Thus a petition for correction of inventorship is being made.
